

APARTMENT BLOCK "A"

Floor plans

Jaunā Mežaparka iela 36, Rīga

The two low-rise apartment buildings and joint underground parking area are compact in their design. The use of glass and terraces allows the inhabitants to enjoy the green vista of Mežaparks. The designer, Vladimir Arsene, is an internationally recognized architect whose designs reflect the world's latest architectural trends.

Facades of the building expose exterior finishes typical of the location - wood and high quality plaster finishes. The bright, airy and thoughtfully designed apartments will satisfy even the most fussy purchaser.

“Mežaparka Rezidences” occupies a 31 ha large well-developed territory designed as a harmonious extension of the old Mežaparks.

The concept is designed to create a beautifully landscaped environment with full infrastructure accommodating villas, twin- villas, row houses and apartment buildings designed by well-known Latvian and foreign architects. Construction of the 1st stage infrastructure has been completed.

Pedestrian walkways and streets have been paved and illuminated, recreational areas with benches have been created. The territory is surveilled 24 h/day. All the necessary amenities have been provided - water supply and sewage, gas and electricity.

The individually developed house designs shall conform to the general concept of the project to ensure the architectural harmony of the entire project.
